Heat and impact proof Polycarbonate
– Will withstand the roughest household wear and tear

High performance closing mechanism
– Allows for accurate control
– Easier to open and shut
– Does not spring shut like single damper units

Twin damper
– Easier to keep clean – does not collect dirt like single damper units
– Will deflect air forward when blades set at 45° – minimises the need for separate air deflectors

Available in 2 sizes
– 300 x 100mm
– 350 x 150mm

Stronger and tougher than metal
– Will not rust, chip, bend or fade

Designed and manufactured in Australia to the very highest standards. Covered by a ten year unconditional replacement warranty to be free from manufacturing defects
